

Kudos

Feature

Celebrate effort, amplify positivity, and make appreciation part of your culture

This feature provides a simple, engaging, and transparent way of acknowledging a colleague or staff member who you would like to thank, or who has done something exceptional for which you would like to say well done or congratulate with a Kudos.

Epic's **Kudos** feature is all about celebrating the wins—big or small—and giving your teammates the high-five they deserve. Whether someone went above and beyond, nailed a tricky task, or simply brought great energy to the team, Kudos makes it easy to say: “You smashed it!”

It's quick, it's meaningful, and it builds a culture where appreciation isn't just encouraged—it's contagious.

Key Functions

- Custom Kudos Badges: Administrators design fun, branded badges (with optional points) that reflect your team's vibe. Think “Problem Solver,” “Team Hero,” or “Coffee Saver.”
- One-Click Recognition: Choose a badge, add a message, and send it off. The recipient gets an email notification and a warm glow of appreciation.

- Weekly Limits (Optional) Want to keep it special?: Set a weekly Kudos limit to make each one count.
- Kudos Wall: Recipients can view their collection of Kudos—like a digital trophy shelf of appreciation.
- Downloadable Reports: Admins can export Kudos data in Excel for shout-outs, awards, or just to see who's been spreading the good vibes.
- Mobile App Enabled: Give Kudos on the go—whether you're in the office, on-site, or catching up over coffee.
